GLASS FRONT
SAUNA ROOMS

Glass Front Sauna Rooms

Nordic landscapes are one of the most marvelous masterpieces of nature. They are beautiful and unique that cannot be found anywhere else in the world.

Glass Front sauna rooms are inspired by these lovely landscapes. Thus, these sauna rooms are with fervent clear tempered glasses on the front that bathers may enjoy a delightful view of the outside. The benches are attached with stainless leg support. Benches, heater location and door opening can be reversed to either left or right, a feature that gives possibility to install the sauna room on a more favorable position.

Glass Front sauna rooms are best paired with luxurious heater and sauna accessories. You may play around with lights of your preference to have a cozy interior ambient. A 100 watts of power is allocated for the lights when using Innova controls.

Delight your senses and relax

Enjoy the warm and soothing sauna with SAWO sauna rooms. Feel the intricate details of the interiors and the fragrance of earthy soft wood. Gently throw water into the hot rocks and unleash the spirit of steam. The warmth of the moist steam detoxifies the unwanted elements in your body and purifies your entire whole-being. Enjoy healthier life with the best of SAWO sauna products.

The Finnish Sauna Room

SAWO sauna rooms are designed by Finnish know-how that resembles their culture and tradition. Only the finest of the soft woods, Cedar, Aspen and Spruce are used for SAWO sauna rooms. Each of these woods have their own distinct characters for a rejuvenating sauna.

Cedar

Aspen

Spruce

Cedar

Exceptional beauty and a natural warm color, complemented with uniform fine-grained texture with a satin luster.

Aspen

Creamy white appearance, perfect for an elegant look.

Spruce

Light yellow appearance with few markings and even, uniform grain texture. Very durable, perfect for extreme heat.

Standard Sauna Rooms

Free yourself from worries on choosing a sauna room design that match with your interior and budget.

Standard sauna rooms are the recommended sizes and designs that come more efficient and highly preferred by our customers.

ITEM CODE: 1517RS STANDARD

ITEM CODE: 1431RL

Outdoor Sauna Rooms

Outdoor sauna rooms are with beautifully lacquered walls and high enduring shingle roof to resist severe weather conditions. They are at their best when placed near swimming pools or bathing facilities.

Customized Sauna Rooms

Yes, Bsaunas can make sauna rooms according to your specific layout and wishes. You may combine different wood materials, add big and smaller windows, adjust bench height, change door design, choose the desired heater, and decorate the sauna with accessories from our wide selection.

ITEM CODE: 1620RL

Sauna Doors

SAWO sauna doors are known for their durability. The frame is made of different wood texture laminates that prevents wood warping due to heat or cold temperature.

Doors are available in full wooden panels & wooden panels with a window or full glass.
